

EMPLOYMENT REPORT FULL-TIME MBA CLASS

2015

"My career transition experience at the start of the MBA was a time of many challenges. Career Services helped me connect with ESMT alumni. Their experiences gave me insights and direction on how to prepare for a career change. Career Services also connected me with a career coach, which provided personal focus, helped me to realize my leadership style and to identify the blind spots in my learning approach. My coach's insights into business made me continuously ask what I wanted to do, why I wanted it, and whether I had the requisite skills and attitude. The mock interview day was an absolute eye-opener. The opportunity to practice a job interview with a professional, made the greatest difference in my ability to make an impact. Even before graduation, I received two job offers from Amazon for their sought-after leadership programs. I thank ESMT Career Services for putting together a well-rounded transition program and integrating it seamlessly into the MBA timeline."
